Verafirm Supply Chain Subscriber Benefits

Global recognition – for your commitment to supply chain security

Verafirm Supply Chain subscribers are awarded the Supply Chain badge for their contribution to the global standard for software license compliance and helping reduce the threat to the global supply chain.

Companies that display the badge are recognized in the global market as committed to IT governance and supply chain compliance.

Monitoring tools – to help you ensure supply chain compliance

1 Subscribe

Companies wishing to monitor their supply chain use of ethical software need to first subscribe

2 Import Suppliers

You can invite your suppliers to the Verafirm Supply Chain portal

3 Monitor

Once your suppliers register on Verafirm, you will be able to monitor their declaration status

Supplier database – to find and connect with clean partners

Subscribers have access to the first and only Clean IT (CIT) database connecting ethical buyers with suppliers. The CIT database has over 500 suppliers, and with the help of ethical companies like yours, this new database will continue grow.
